Flyer messages

- Fisherman's Paradise residents have had little or no input into the Conjola Community Association Committee
- So a Fisherman's Paradise sub-committee of the CCA is being formed as a way of giving Fisho's residents a voice on that committee, and have our issues raised with Council.
- If you want to nominate to be on the sub-committee, email fishermansparadisecommunity@gmail.com or ring Mel Loe on 0419 836 341 Nominations will be accepted for the sub-committee membership up to and including 16 September 2pm.
- A Fisherman's Paradise community meeting will be held on Saturday 16 September at 2-3pm at the basketball court/playground area (BYO chair) to gather residents' views and form the sub-committee.*

**Meeting time of 2pm updated from initial time of 4pm, to follow the RFS Get Ready Event which runs 12-2pm.*

Actions:**To establish the sub-committee:**

- Adam Cox to create generic email for the Fisherman's Paradise residents' group
- Megan Nicholson to write up and circulate minutes
- Mel Loe to create a Flyer for the community meeting on Saturday 16 September
- Flyer and minutes to be posted on the 2 Facebook pages (Mel)
- Stu Hudson to print the flyer
- Tara Cox and children to manage the letterbox drop with assistance from other community members
- Stan Cowle to contact the President/Secretary of the CCA to inform her/them and invite members to attend our Fisherman's Paradise community meeting which will form the sub-committee. And to ask if the October CCA could consider a motion to endorse the establishment of the Fisherman's Paradise sub-committee of the CCA (with Stan and Donna as interim representatives).

Other actions:

- Steph Griffiths to contact Council about the community noticeboard (it is locked and dis-used)
- Stan Cowle to liaise with the CCA Secretary and the Conjola Fire Brigade captain to obtain use of the community room attached to the fire station. This is necessary for sub committee meetings and also for community activities. NB: Find out from Council what considerations are required to gain access eg: is there a cost; are there any professional indemnity issues for the committee.
